Help your staff commute safely and healthily

Did you know your business could receive a grant of up to £3,000 to help improve cycle commuting at your workplace. It's a great way to support staff to travel safely during the pandemic.

What is the Big Bike Revival for Business?

The Big Bike Revival for Business project, delivered by Cycling UK, enables you to support more of your staff to cycle to work. Through our tailored support package, we can help more of your employees to commute by bike, enabling them to travel safely and socially distanced, improving their health and helping their productivity.

What does the grant include?

Tailored to your business needs, it includes:

- Bike maintenance session by qualified mechanics
- Free webinars and digital events
- Staff bike ride led by a qualified cycle leader
- Cycling UK affiliate insurance – 12 months organisers liability insurance worth £10 million

Plus expert advice and support

Benefits to your business:

- Employees who cycle take regularly take on average 1.3 fewer sick days than those who don't
- 73% of employees who cycle felt it made them more productive at work
- Cycle parking is cheaper to maintain and install than car parking spaces

Apply now to find out if you're eligible. Applications are open in January but spaces are limited so get in touch today. email bigbikerevival@cyclingsuk.org or call us 01483 238300
